

SECTION 0213

SURFACE RESTORATION

0213.0100 GENERAL

0213.0101 Description of Work. The work under this Section shall consist of furnishing all labor, materials, and equipment required to restore all non-pavement surfaces disturbed by construction or damaged by the Contractor, in accordance with the provisions of the project plans, special specifications, PAG Standard Specifications for Public Improvements, or as may be ordered by the Engineer.

0213.0300 EXECUTION

0213.0301 General. All work shall be in accordance with the applicable provisions of the PAG Standard Specifications for Public Improvements as specified herein. The areas in question shall be restored to as good as or better than their original condition as approved by the Engineer (see Section 0202).

0213.0302 Warranty. In addition to the warranty provisions of current Subsection of the General Provisions, all replacement plantings shall be warranted by the Contractor for a period of 1 year from final acceptance of the project. Establishment of plantings materials shall conform to the provisions of Section 807 of the PAG Standard Specifications for Public Improvements.

0213.0304 Cleanup. The Contractor shall not allow debris and unsalvageable material to accumulate on the project site. In no case shall the Contractor allow such debris and material to obstruct driveways, pedestrian-ways, or drainage facilities. All debris and unsalvageable material shall be hauled off from the project within 5 working days of its removal. Debris and unsalvageable material shall be disposed of in accordance with all applicable ordinances and regulations.

0213.0305 Inspection. All work within the public right-of-way or easement shall be subject to a final inspection by personnel from the jurisdiction responsible for the right-of-way.

0213.0400 MEASUREMENT AND PAYMENT

0213.0403 Payment. The cost of Surface Restoration shall not be a separate bid item in the proposal, but shall be included in the unit price bid per linear foot for the main as incidental to the project.
